

Bachelor's Degree Studies for International Students

📅 23-11-2024

Our university offers international students the opportunity to pursue bachelor's degree studies in a variety of specializations. Our academic programs are based on modern teaching methods.

Admission Process

Admission of international students is carried out through the portal.edu.az website.

You can review the required documents [here](#).

Admission Period:

The admission process is conducted once a year:

- July - September

Submission of Documents:

After arriving in the country, students must submit the following documents to the Department of International Education Programs:

- Education visa (60-90 days).
- Temporary/permanent residence permit issued by the State Migration Service of the Republic of Azerbaijan.
- Legalized or apostilled document confirming previous education.
- International passport.
- Health certificate covering HIV/AIDS, Hepatitis B, and Hepatitis C.

Specializations and Tuition Fees

Information about the specializations offered by our university and their annual tuition fees is available here.

Advantages of Studying:

- Students from various countries study at our university, creating a valuable opportunity to gain intercultural experience.
- Specialized instructors and modern technologies are used in the teaching process.
- Support and advisory services are provided in line with students' needs.
- Various events and programs are organized to facilitate the adaptation of international students.

Why Choose Our University?

Our university not only provides professional education, but also supports students' personal and academic development. Special programs and services established for international students make the educational process more comfortable and productive.
